FEEL THE PRESENCE

"They are not just machines. They are beings.
Moving with intent. Shaping the world around them.
Their presence is not just seen—it's felt.
A shift in the air. A shadow that lingers.
They don't demand attention. They command it.
Light bends. Fog clings. The road seems to move beneath them.
You don't just witness them.
You experience them.
And long after they've passed—the road remembers."
